

March 2017

Dear Parent/Guardian,

Transition from Year 6 to Year 7 in a new secondary school is an important time for parents/guardians and their child. Parents want their child to progress to a school where they can thrive, maximising their potential and succeeding in obtaining the qualifications and values essential to achieve their life goals. I have no doubt in my mind that Kambrya College is such a school.

There are so many outstanding features at Kambrya College:

- A sub school structure is at the centre of school life. All students join one of four sub schools. They are cared for by a team of sub school teachers who get to know them and their parents, really well.
- We are a school that understands that students come to us with a diverse range of abilities and aspirations. Every effort is made to meet the learning needs and aspirations of each individual student.
- We are a school with high expectations in all areas. Pride in our school is encouraged and fun and enjoyment are a part of school life.
- The dedication and professionalism of our teachers is exceptional.
- A growing 1:1 BYOD laptop program which allows teachers to deliver exciting digital lessons

Outstanding student achievement

- Our academic and vocational data clearly show that Kambrya College delivers fantastic results for all students.

Additional to the Year 7 Programs new students in 2018 may apply for a position in one of four **exciting Special Programs:**

- *Select Entry Accelerated Learning (SEAL) Program*
- *Athletics Development Program (ADP)*
- *Kambrya Kitchen Master Class (KK)*
- *Accelerated Music Program (AMP)*

At Kambrya College we believe that most incoming Year 7 students are already acutely aware of their learning passions. These programs are clearly designed to excite and engage students ready to commit to a rigorous, quality program in line with their abilities and interests. Please find the information flyers about each of the special programs attached to this letter.

Please take the opportunity to visit our school and take part in the numerous events we have planned in Transition to Year 7. Tours of the school run most Fridays at 11:30am and are led by an Assistant Principal. Please contact reception or watch our electronic noticeboard for school tour information. Our aim is to ensure that Kambrya College is the school of choice for all families south of the Monash Freeway and in the Berwick postcode area (3806).

Thank you for your interest in our school. I look forward to meeting you.
